## 60 PERCENT MOOSE VOTE FOR WHITMAN

NEW YORK, Sept. 20.—Latest returns showed Gov. Whitman, republican, had polled sixty per cent of the twenty thousand progressive votes in yesterday's primaries. NEW YORK, Sept. 20.—With returns from less than one-third of the districts in the state received at midnight, Governor Charles S. Whitman was leading Judge Samuel Seabury, democrat, for the progressive endorsement for governor. Only a fraction of the 46,000 enrolled progressives in the state voted, (an average of only about four to a district. Returns from 1641 precincts out of 5,719 in the state gave Governor Whitman 3921 votes for the endorsement and Judge Seabury 2769.

The progressive vote aroused much interest among state and national leaders for it was regarded as giving some light on how the strength of the party would be divided in the national election.

The grand climax of the show will be the charge of the wild steer, and the steer of 1916 is the wildest of the whole Round-Up herd.

The pavilion is practically completed though the roof of the grandstand is not finished. However, with the present weather no roof will be necessary.

From an artistic standpoint the dance of the wood nymphs on the forest roof garden will be one of the finest things ever seen in Pendleton.

Mrs. James H. Sturgis, former director of folk dancing, has been training a group of talented high school dancers and has achieved a great success.
